

Delivering Turnkey Excellence

Prasad & Company
(Project Works) Limited

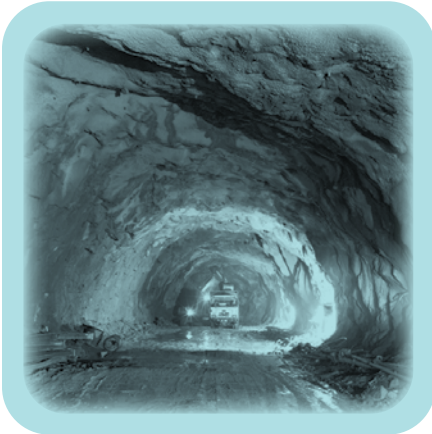

Prasad & Company
(Project Works) Limited

Vision

"To be a Leader in Construction Industry with global presence, having reputation for meeting or exceeding customers requirements while executing the projects and adding value to our services at not extra cost".

Quality Policy

"To optimise our process performance in order to execute infrastructure projects well within time and in the most economical manner".

Building the future

Prasad & Company delivers turnkey excellence through the design, development and construction of Major Dams, Aqueducts, Bridges, Barrages, Canals, Power Projects, Institutional Buildings, Roads & Highway, Housing Projects and other Complicated Structures. The Company's approach combines the established presence of a local firm with the strength, stability and resources of a National Company. Employing proven skills, systems and technology, the company's experts work to deliver projects on time and within budget.

Building the future, Prasad & Company's approach rests on one fundamental concept - **Clients are the beginning and the end of its business reason.** The company is committed to achieving their business goals, which is why clients associate with them repeatedly. **Working with Prasad & Company means a promise delivered.**

Delivering Turnkey Excellence

Adequate is separated from excellence by a blue line. If there's one universal hallmark of Prasad & Company, it is an unwavering commitment to excellence on every project. Smoothly-run jobs are the norm, thanks to adherence to some pretty rigorous rules of quality control. Issues are resolved before they escalate into snarls and tangles. We welcome challenges and apply learned disciplines plus fresh thinking to keep the projects moving forward.

We strive to go beyond the merely acceptable, and that's a hard way to go. We chose that way ever since our inception and believe that is why we are one of the leading and fast growing construction companies in India today with several landmark projects and achievements delivered across the Nation.

S. Mani Raju, [Executive Director](#)

Delivering Construction Excellence

Prasad & Company has executed several landmark construction projects in India which have set standards not only for others but for the Company itself to compete and excel. The Company has many accomplishments to its credit and has received several recognitions from various authorities, which include :

- **1967** - Gold Medal from Hon'ble Prime Minister of India for outstanding performance in the execution of Nagarjuna Sagar Dam
- **1992** - Gold Medal and Scroll of Honour from Hon'ble Chief Minister of Andhra Pradesh for excellent performance in the construction of Road bridge across river Krishna at Wadapally, Nalgonda District, AP
- **1996** - Completed the World Bank Aided Srisaillam Right Branch Canal Packages No. VII & VI works seven months ahead of schedule and similarly the Sriram Sagar project works were also completed six months ahead of schedule.
- **1998** - Gold Medal and Certificate of Merit from Government of Maharashtra for outstanding work in completion of Hanga Aqueduct for Krishna Valley Development Authority with one year ahead of schedule.
- **2000** - Most Outstanding Bridge Award from Indian Institute of Bridge Engineers, Mumbai for outstanding performance in execution of Hanga Aqueduct for Krishna Valley Development Authority.
- **2002** - Accredited with ISO 9001 : 2000 by the AQA International LLC.
- **2003** - Gold Medal and Scroll of Honour from Hon'ble Union Minister for Roads & Surface Transport for Construction of AP 5 Bridge Package for National Highway Authority of India (NHAI) from Srikakulam to Visakhapatnam (JV) 6 months ahead of schedule. Also was awarded bonus of 5% for early completion by NHAI.
- **2004** - Gold Medal and Scroll of Honour from Hon'ble Chief Minister of Andhra Pradesh for excellent performance in the construction of bridge across river Krishna on down stream side of Nagarjuna Sagar Dam, Nalgonda District, AP for APSH Projects.
- **2004** - Successfully completed the 1.5 Km long Design & Construction of Bridge cum Aqueduct across the river Narmada for Narmada Valley Development Corporation, Madhya Pradesh (Under JV).
- **2005** - Completed the Turnkey execution of balance work of Hasdeo Left Bank Canal System with allied structures.

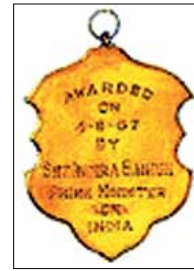

- **2006** - Successful completion of Design & Construction of 1.82 km long RCC box Aqueduct on river Yerla for MKVDC in Maharashtra.
- **2007** - Successfully completed Ash Pond work for 2 x 250 MW TPP for CSEB at Korba East, Korba, Chhattisgarh for BHEL - PSER, Kolkata.
- **2008** - Successfully executing the Electrical Substations, Transformer lines on turnkey basis for HESCOM & GESCOM in Karnataka State.
- **2008** - Accredited with ISO 9001 : 2000, ISO 14001 : 2004 and OHSAS 18001 : 2007 by the certification International, UK.
- **2008** - Successfully completed EPC contract for Civil, Structural & Architectural work of Main Power Plant including Engineering, Design, Procurement and Supply of EOT Crane & Vibration Isolation System for 2 x 250 MW Unit # 1 & 2 at Korba (East) TPP, Chhattisgarh for BHEL - PSER, Kolkata.
- **2008** - Successfully completed Construction of 100 Bedded Hospital at Kajalgaon in Bodoland Territorial Council of Assam for NBCC, New Delhi.
- **2009** - Successfully completed NHAI Project (NS2/BOT/TN5) on NH-7 in Tamil Nadu , Construction and Maintenance of Existing 2-lane highway to 4-lane from Km 373.725 (Start of proposed Dindigul bypass to Km 426.6 (Samyanallore) for Reliance Innoventures (P) Ltd, Mumbai.
- **2010** - Successfully completed General Civil work package 1 of 2 x 600 MW Shri Singaji TPP at Dongalia / Purni, Dist., Khandwa, Madhya Pradesh for Madhya Pradesh Power Generating Company Ltd, Jabalpur.
- **2010** - Successfully completed Construction, Supply, Erection, Testing and Commissioning of 132/33 kV Substations for GESCOM, HESCOM & APTRANSCO.
- **2010** - Prasad & Company (Project Works) Limited was adjudged Best Vendor (Civil & Structural) for the year 2010 by BHEL - PSER, Kolkata.
- **2011** - Successfully completed Civil, structural etc work of Power Block 2 covering power house including mill bay, aux building in power block 2, CW pump house & CW duct, misc civil works etc for 2x500 MW unit # 1 & 2 Mejia - B TPP, West Bengal for BHEL - PSER, Kolkata.
- **2012** - Successfully completed Civil, structural, architectural work, etc of Package - A (Power Block - 1) for 2x500 MW unit # 1 & 2 at Durgapur Steel TPP, West Bengal for BHEL - PSER, Kolkata.
- **2012** - Prasad & Company (Project Works) Ltd., was adjudged Best Vendor (Civil & Structural) for the year 2012 by BHEL - PSER, Kolkata.

Quality & Commitment

Quality assurance is vital to any project to ensure proper performance and durability. Prasad & Company constantly strives to adhere to the highest construction standards with respect to quality, delivery schedules and commitments to client. At Prasad & Company, QA extends beyond design, specifications, materials and workmanship. During construction, the work is carefully supervised and are suitably archived to make it available for future projects as inputs, call-backs or insurance claims.

ISO 9001:2008

ISO 14001:2004

ISO 18001:2007

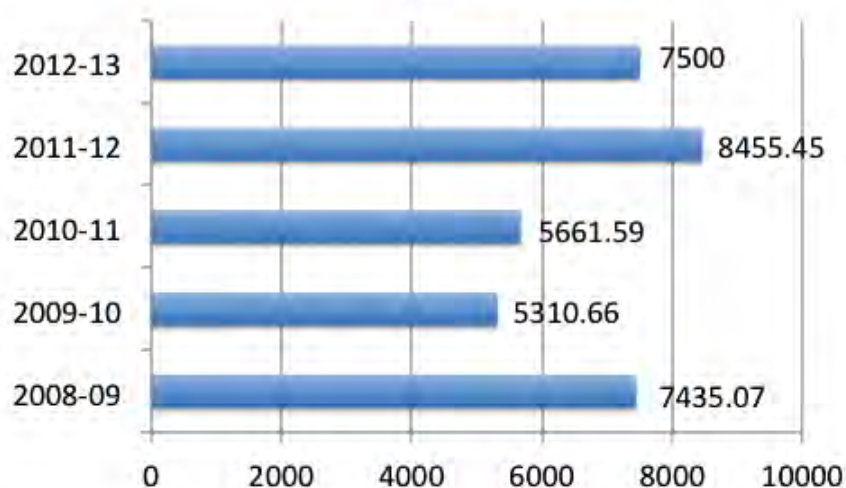

SAFETY

Prasad & Company has constantly strived to developed a culture that promotes an injury-free environment and provides the safest workplace possible for its employees, subcontractors, clients and others across all its construction sites. The Company's safety motto is : "Every worker goes home safely every day from each of its projects".

The Company is dedicated to elevate its safety standards through a wide variety of methods ranging from zero-tolerance drug testing to aggressive fall-protection programmes. Through rigorous training and education programs, Prasad & Company provides its employees and subcontractors with the tools, knowledge and resources needed to increase safety, reduce risk and improve loss control in every project it executes.

Comprehensive Infrastructure Competence

Prasad & Company is a name to reckon with in the Infrastructure sector, with comprehensive range of competencies, unique expertise to handle larger projects, competent human resources, innovative project execution methodology and modern equipment. The Company enjoys the trust of several clients and government agencies across India with timely completion of projects and setting new benchmarks in its services. Its expertise encompasses :

Thermal Power Plants

Industrial Projects

Hydro Electric Power Projects

Combined Cycle Power Plants

Commercial & Residential Buildings

Highways

Dams

Barrages

Reservoirs

Spillways & Head Regulators

Canals

Aqueducts

Bridges, Fly overs & Inter changers

Tunnels

Thermal Power Projects

Prasad & Company is one-stop associate of Power Plant Players for over a decade offering comprehensive range of Civil & Structural works covering : Foundations for Auxiliary Boiler, Boiler & Axillaries; Fans; Turbine Generator & Axillaries; ESP, ESP Ducting, ESP Fans; Chimneys; Fuel Oil Storage and Plant; Coal Handling Plant including Wagon Tippler, Stackers/Reclaimer, Conveyors, Bunkers and Mills; Raw Water - Barrages, Conveyance Pipelines / Canals, Raw Water Reservoirs, Pump House, WTP and DM Storage, ETP, Fire Fighting, Ash Handling Silos & Plant, Ash Pond; Turbine Generator Transformers, Complete Switchyard and also plant - buildings, Compound Wall and Roads.

Civil works for Korba East TPP, Chhattisgarh
